

## **CONCLUSION**

The game that we have designed could achieve our final goal of achieving the following :

- **AVAILABILITY:** The portal should be available to all the users of the system.
- **CORRECTNESS:** The gaming portal shows a correct score and also checks on the user login information. .
- **MAINTAINABILITY:** The administrators can easily manage, add and upgrade game I the gaming portal.
- **USABILITY:** The gaming portal could satisfy our target base customers.
